Web Developer

STRENGTHS AND MOTIVATION

Passionate web developer with a strong focus on customer-centric solutions, continuous learning, and process automation. Skilled in front and backend technologies, with experience mentoring others and creating AI-powered tools to enhance user experience. Motivated by innovation, efficiency, and helping others grow.

EXPERIENCE

09/2024 – current, Remote

Freelancing

◆ Working on customer-facing projects, recently implemented an application that enables the creation of custom chats using OpenAI services, leveraging AI to enhance user interactions.

08/2023 – current

CodeBar.io, Remote

Coach

◆ Mentored 6 Codebar students by guiding them through coding projects and providing insights to improve their understanding of technologies like HTML, CSS, JavaScript, React, Node.js, Linux, Command Line, and Git.

04/2024 – 05/2024

PowerCoders, Zürich, Switzerland

Mentor

◆ Mentored 12 students at Powercoders, a boot camp for refugees in Zurich. Helped them complete assignments, like creating a Mine Game in Javascript, and improved their coding projects using React. Also supported deploying their projects to demonstrate their skills to employers.

05/2022 – 03/2023

Credit Network & Finance, Bari, Italy

Fullstack Developer

◆ Developed an application for the Tax unit to digitalize the appeal process, allowing document uploads at each step, and added super admin functionality for user management and Excel import/export.

◆ Developed a customized application designed to manage invoice attachments efficiently and automated a manual process.

◆ Integrated appointment scheduling via multi-step forms in B2C platforms, sending confirmation emails with calendar attachments.

◆ Implemented payment notice tracking for operators and developed tools for managing annual appointments, with a user-friendly admin interface for filtering and updates.

PROJECTS

◆ Assistant Chats, Vue, Django, Openai.

◆ Rehacktor, React Laravel

◆ Visit my web portfolio: salvatore-dininni.com

08.2019 – 09.2020

Villa Antinori, Bindella, Zürich Airport

Sous chef

Led a team of 12 chefs in an Italian restaurant at Zurich Airport, managing kitchen operations.

05/2018 – 01/2005

Worked as a Chef across restaurants and hotels in Switzerland, Austria, the UK, and Italy, gaining skills in problem solving, time and team manage.
